EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification:

Page 3, line 3: after "barrel." insert --The ink color of the glitter marking instrument may be selected from the group consisting of red, green and purple.--.

Page 3, line 10: after "mixture" insert --, which may be of the color selected from the group consisting of red, green and purple, --.

Page 5, line 7: after "nib 16" insert --wherein the nib may be composed of felt material--.

In the paragraph beginning on page 7, line 11 (amended by the Applicant in the response filed 8/10/07), line 8: "valve member 44" should be --valve member 36--.

In the claims:

Cancel non-elected claim 20.

Claims 1-19 are allowed. It is noted that the above amendments to the specification were needed to provide antecedent basis for the claimed subject matter and to correct a minor informality. Further, as claims 1-19 were elected without traverse, the cancellation of claim 20 via examiner's amendment is proper.
